CAREER OBJECTIVE

Motivated and detail-oriented Software Engineering graduate seeking an entry-level Software Engineer role to apply strong foundations in algorithms, operating systems, networking, and Java development while contributing to scalable, reliable platform software and growing expertise in distributed systems and observability.

SKILLS

Programming Languages: Java, Python

Web Technologies: HTML5, CSS3

Backend Technologies: JDBC, JEE

Database Management: MySQL

Core Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

Tools: Git, GitHub

PROJECTS

E-Commerce Application | *Java, HTML5, CSS3, MySQL*

Apr 2026

- Developed a responsive **E-Commerce web application** enabling users to browse products, search items, manage shopping carts, and place orders efficiently.
- Implemented **user authentication, product management, order processing, and secure database integration** to ensure smooth business operations.
- Designed and integrated a user-friendly interface using modern web technologies, improving customer experience and supporting seamless online shopping workflows.

Detection of Infant Brain Tumor Using CNN and Ultrasound | *Python*

Mar 2025 – Jun 2025

- Developed a **CNN-based deep learning model** to detect brain tumors from infant ultrasound images.
- Improved early diagnosis accuracy through **automated medical image analysis** and classification techniques.
- Performed image preprocessing, dataset training, and model optimization to enhance detection performance and reliability.

EXPERIENCE

Tap Academy

Feb 2026 – May 2026

Full Stack Web Development Intern

- Developed database-driven web applications using **Java, JDBC, Servlets, JSP, MySQL, HTML, CSS**.
- Implemented backend functionality with JDBC and MySQL, including CRUD operations, session management, and database integration.
- Designed responsive and user-friendly web interfaces while following MVC architecture and object-oriented programming principles.

ACHIEVEMENTS

Programming with Python Certification – Internshala

- Certified in Programming with Python, demonstrating proficiency in Python programming and problem-solving concepts.

Internship Completion Certificate – Full Stack Web Development

Feb 2026 – May 2026

- Successfully completed the Full Stack Web Development Internship at Tap Academy (Tap EdTech Pvt. Ltd.).

EDUCATION

Government Engineering College

2022 – 2026

B.E. in Electronics and Communication Engineering — CGPA: 8.41

Talakal, Koppal

Global Independent PU College

2020 – 2022

PUC in Science — Percentage: 82%

Hubli

Lions English Medium School

2020

SSLC — Percentage: 92%

Hubli
